CHILD SAFE CODE OF CONDUCT

PURPOSE

Our Child Safe Code of Conduct sets out the expected behaviour of adults with children and young people in our school.

All staff, volunteers, contractors, service providers, and any other adult involved in child-connected work must follow the Child Safe Code of Conduct by observing expectations for appropriate behavior below.

This Child Safe Code of Conduct applies to all physical and online environments used by students. It also applies during or outside of school hours and in other locations provided by the school for student use (for example, a school camp).

Expected Behaviours

All staff, volunteers, contractors, service providers, and any other adult involved in child-connected work at Beechworth Montessori School are responsible for supporting and promoting the safety of children by:

Upholding Beechworth Montessori's commitment to child safety at all times and adhering to Child Safe Policies to protect children from abuse.

- Treating everyone with respect.
- Listening and responding to the views and concerns of children, particularly if they disclose that they or another child has been abused or are worried about their safety or the safety of another child.
- Promoting the cultural safety, participation and empowerment of all students, with particular attention to Aboriginal and Torres Strait Islander students, students with culturally and/or linguistically diverse backgrounds, students with a disability, international students, students who are unable to live at home and lesbian, gay, bisexual, transgender and intersex (LGBTIQ+) students.
- Ensuring, as far as practicable, that an adult is not alone with a child, unless they are clearly visible (ie. Glass door to room, or door left open).
- Reporting any child safety concerns or allegations of child abuse to the school's Principal, or nominated delegate and, if justified, the police.
- Understanding and complying with all reporting and disclosure obligations (including mandatory reporting and the [PROTECT Four Critical Actions](#) for staff) in line with our Child Safe policies and procedures.
- If child abuse is suspected, ensuring as quickly as possible that the child is safe and protected from harm.
- Encouraging children to 'have a say' and participate in organisational activities that relate to child safety.
